## Softshell Chair

The seat shell construction of the Softshell Chair ensures a level of comfort that is first revealed upon use: vertical ribs concealed in the back shell adapt to the user, providing freedom of movement as well as superb comfort, even for prolonged periods of sitting. The smooth contours and appealingly soft upholstery over the entire surface give the Softshell Chair its calm, cosy and inviting character.

### Materials

- **Backrest and seat:** flexible upper backrest shell. Seat and backrest shell in fibreglass-reinforced polyamide. Seat and backrest upholstery in polyurethane foam. Armrests are integrated in the seat shell. Version in leather with two seams along the sides of the backrest.
- **Four-legged base:** polyamide in chocolate or basic dark with glides.
- **Five-star base:** aluminium powder-coated in basic dark or with polished finish (swivel function with comfortable seat depth suspension).
- **Four-star base:** aluminium powder-coated in basic dark or with polished finish (swivel function with comfortable seat depth suspension).
