pro

designed by Paul Brooks

Pro is sure to make an impression in any office environment. The chair's gently arching form is detailed with a cast aluminium connection to the beautifully

tailored upholstery; complemented by a satisfying level of comfort. Pro is equally at home as a visitor or boardroom chair.

pro

Options

Pro is available as a non-stackable chair with arms and either a polished aluminium or RAL 9006 frame.

Pro is also available as a stackable chair with arms and a polished aluminium frame.

Alternatively Pro can be specified with a 4-star swivel base in either polished aluminium or chrome.

Environmental statement

We are passionate about caring for the environment. FSC accredited and a carbon neutral company, we prefer to work with like minded suppliers who use raw materials and components obtained only from ethical sources. Not compromising on quality, wherever possible we also purchase materials with a high recycled content. We work closely with local suppliers and constantly review our global logistics operation to ensure we minimise any negative impact on the environment.

We actively monitor the carbon footprint of our products throughout their life-cycle to ensure they meet Boss Design's environmental policy.

At Boss Design we work closely with the Greenworks organisations to deliver our award winning end-of-life product management process. Here we arrange for clients' old furniture items to be collected and redistributed to charities and other good causes. Alternatively, unsuitable furniture is always broken down and recycled.
